Your Submission:

Dear Sir,

I am for the proposed route extension.

My reasons are

1 The tramways has now a very high profile, not just in Christchurch but around NZ and overseas.

2 For the last 13 years it has been an icon now is the right time for it to become fresh in the mind of the locals and tourists.

3 The new extension will make the route more exciting as well as taking in a shopping area which I believe has been needed for the last few years.

4 It will enhance the Stip and Cashel Mall which in turn will bring attention to all the cafe's and shops south of the Square.

5 It will also bring people right up to the exchange for public transport.

6 The extension will increase vintage trams in the city which will be another plus for Christchurch.

7 We will be looked on as the Garden City in a city of trams.

8 More heritage buildings will be talked about in the drivers commentary, bringing focus on the inner city.

9 The extension will also go past more hotels which will be eye catching in itself.

10 Dropping passengers off at the exchange for the gondola is another plus.

11 A stop at the bottom of High St handy to Pollytec

	12 Over all a well thought out route leading to extentions when required down the line.
