

CHRISTCHURCH CITY COUNCIL

Election of FIVE (5) Members of the Hagley/Ferrymead Community Board

Kathryn BYFIELD BUDD

Christchurch 2021

Our 2021 team is committed to building stronger communities. Representing your views on the Community Board and working with you to address issues is my first priority. I offer excellent communication skills with the ability to listen. I will represent your views and ensure that they are heard.

I've lived here all my life. I am a mother of two sons. I work as a health worker in the community helping people in need, and advocate on their behalf to achieve what they want. I have also worked with riders concerned about horse grazing in Heathcote, with a positive outcome. I'm very approachable and will work hard for you as your representative.

The role of the Community Board needs to grow. More emphasis should be placed on local views, which too often have been ignored. I promise to work to ensure that your voices are heard.
