Mr Dennis O'Rourke
Councillor
Christchurch City Council
P O Box 237
Christchurch

Dear Mr. O'Rourke,

On behalf of my family and myself may I thank you for getting the constructive concept of recycling domestic food waste to the Christchurch public.

We are not only relieved that some progress can be made in waste reduction of any kind but we are also very enthusiastic about the domestic-waste scheme you have put forward and wish you all-power in getting enough votes to activate it in the near future.

I have spoken with Sally Buck who is also enthusiastic, and am writing to Gary Moore today to voice my views.

God bless you in your work.

Yours sincerely

Margaret H-W
