Your Submission:	<p>I support a kerbside collection programme for food waste. I'd like to see the programme begin as soon as possible. Although composting my garden waste is relatively easy, food waste is a problem. My wife and I both eat meat several times a week and the meat scraps are particularly problematic. Right now most of our food waste goes into the insinkerator or into the rubbish bag. Kerbside collection of food waste would reduce the amount of waste in the rubbish bags each week, which would be a big help with the reduction of rubbish bags from 52 to 26.</p> <p>I encourage the Council to adopt the kerbside collection programme for all the residents of Christchurch.</p>
