Questions

- ① Do you have any comments on the major projects in our draft Our Community Plan? page number

~~While I am aware that people / families wellbeing are not the primary aim of the council, I believe that to affect the city for good, and reach the CCC desired goals, there needs to be within the project and proposal a proposal looking to support the very fibre of our society. The families looking through this plan indicates either a real lack of concern for the wellbeing of an escalating number of people in need.~~

- ② Do you have any comments on groups of activities (the activities and services that Council provides)? page number

~~I do applaud the contribution of finance, and the CCC funding expertise toward a variety of community groups. However this contribution needs to increase rather than diminish.~~

~~I have worked in this city as a community worker, and in the area of community development for 22 years, and have become alarmingly aware of the growing needs in the area of (eg) poverty, loneliness child & adolescent care, the elderly and would have a real concern if the CCC did not address this.~~

- ③ Do you have any other comments or suggestions you want to make? page number

~~Listen to those who work on the coal face. It's the only way you will gauge your priority settings. Increase the financial support. Keep the valuable funding team in place. Consider people who are the breathing lifeblood of the city alongside your other commitments.~~
