①

Do you have any comments on the major projects in our draft Community Plan? page number

Ocean outfall, Hendersons Basin, Waste Treatment, sewerage, water + roading upgrades all necessary, also extension of Bus Exchange at Crossing, Art Gallery airconditioning, tree renewal.

②

Do you have any comments on groups of activities (the activities and services that Council provides)? page number

8 + 9

I object to closing of community halls, libraries and particularly mobile libraries - all important for a sense of community - for children and the elderly.

Suburban pools provide sport + leisure facilities.

Keep young people busy + active. If economies must be made, cut City Scene to 5 issues and

cut fit-out of new Council offices by \$ 1/2 million.

Council wants to encourage people into City Centre, so why keep raising on + off-street parking fees? Cheap or free parking buildings on 4 avenues served by shuttles would encourage pedestrians

③

Do you have any other comments or suggestions you want to make? page number

10 - 16

Council does a good job providing rental housing, maintaining parks + reserves, enhancing waterways + wetlands, hosting events, providing cycleways. If economies necessary, halve Botanic Gardens upgrade cost.

Waste minimisation: Council should persist in encouraging recycling + provide kerbside collection of organic waste for composting, aim to cut waste sent to landfill.

I would be prepared to pay a modest increase in rates to provide educational programmes to reduce packaging, litter, and to encourage sustainable use of resources.

You may add more pages if you wish. Thank you for your submission.
