

Summary submission form

Instructions

You may send us your submission...

Please read before completing your submission

It will help us process your submission if you clearly state the issue you want the Council to consider, what specific action you think the Council should take, and why that should be done.

If you wish, you can present your submission at a hearing. (If that is the case, please tick the box). The hearings will be held between Thursday 25 May and Wednesday 7 June 2006. Generally, 10 minutes are allocated for hearing each submission, including time for questions.

It will help us if your submission also refers to the page of either the full version or the summary version.

Please note: we are legally required to make all written or electronic submissions available to Councillors and to the public. This includes the name and address of the submitter. All submissions will be published on the Council's website from 10 May 2006.

No anonymous submissions will be accepted.

I wish to make the following submissions.

1 I do not want the Bishopdale, Redwood and Spreydon libraries too close as it is imperative that we have these vital facilities available to the people who live in these areas and use them daily. Page 8

If you wish to save money this is the way too do so. ~~Do~~

2 Do not build a new visitors centre in the Botanical Gardens. That will save \$10.5 million.

I strongly object to this project. Page 4

3 Do not use flood lighting on the Cathedral. We are supposedly going into a power crisis so to waste money on flood lights would be totally ludicrous.

4 Cancel all copies of the 10 issues of the Council's City Scene.

I questioned family, friends and work colleagues and they all said that they don't read it. Like myself they just throw it in the rubbish when it arrives. Page 8

5 Stop wasting money on the street beautification of our streets. This

is a total waste of money. Better that the money is spent on core maintenance of the streets. Being a cyclist I can not believe how much glass is on the roads.

6 There is no point in developing the City mall. Now that the Council have permitted all of the Malls in the suburbs to be built, people no longer come to town to shop as most of the large stores have closed.

This will save \$10.3 million Page 4

7 Do not build new entranceway at QE II. Existing entranceway works adequately.

This will save \$0.8 million. Page 4
