- ① Do you have any comments on the major projects in our draft Our Community Plan? page number 12

I am worried about the building of large complexes, and pools, and the closing of local pools. In times of rising transport cost, having such complexes in places only accessible to people who can afford to drive is discrimination. For example from my suburbs both the indoor pools, need using at least two buses, and can take up to 2 hours each way. And then when you get there you find it has been pre-booked for some event. The Centennial pool no longer has lanes.

- ② Do you have any comments on groups of activities (the activities and services that Council provides)? page number 5

City Mall development is wasteful unless more, and cheaper parking is provided.

Page 8.

Closing of local amenities such as libraries, halls, service centres comes in the same problem as in ①. Local facilities are important. If they are not used, or in poor state of repair, it shows the council's lack in the past. Closing things seems to be counter to most of the plan.

- ③ Do you have any other comments or suggestions you want to make? page number 18

Transport in most parts of the city would be vastly improved by enforcement of the current rules. In the central city people ignore clearways, no-parking signs, no right-hand turn signs, etc. Nobody seems prepared to enforce these. And cutting down on vehicles in the city mall would be a great enhancement.
