Your Submission: **Do you have any comments on the major projects in our Draft Community Plan?**

CYCLE LANES - you should provide more of these to encourage people not to use cars. Healthier for individuals and the community generally.

BUSES - these are marvellous already but the service could still be improved and further "sold" to the public.

LIBRARIES - Christchurch's libraries are wonderful and the marvellous standard of the service should not be allowed to be chiselled away by cuts in funding.

Do you have any comments on groups of activities (The activities and services the Council provides?)

Do you have any other comments or suggestions you want to make?

Three months ago we moved from Devon, England to ChCh to escape the awful over population, dirt, noise and congestion of everyday life there. We were bowled over and hugely impressed by ChCh's fabulous library service, bus service, cycling provision, wonderful huge parks everywhere and by the friendliness and helpfulness of the City Council. ChCh is a lovely city. It is still a Garden City and you should keep it as such. PS The children love it here too.
