Submission from Mrs Rowlands
To Christchurch City Councillors
& also E. Can — " —

Community Plan 2006.

Summary Submission ref page 8.

Sir/Madam,

We note the allocation of \$525,000 to light the Cathedral later this year —

We also can expect substantial increases in our rates over the next ten years — for what appears to be much reduced ^{& community} city facilities —

And subsidies are on offer to upgrade heating/insulation basically only for those still using polluting options (including landlords).

BUT those (in Community Cards) who have insulated "over & under" in older partially upgraded houses, using only portable heaters, may also like to be included in the "interest free loan" either for a fixed clean-air heater —

— OR why sidestep the spectre of a power outage likely every winter?

Let's really help people to be LESS DEPENDANT on electricity & include "interest free loans" for the purchase & installation of Solar Water Heaters.

J Rowlands. 18/4/06.
