Your Submission: **Do you have any comments on the major projects in our Draft Community Plan?**

Do you have any comments on groups of activities (The activities and services the Council provides?)

Cultural and learning services: Existing suburban libraries should be maintained. They provide an accessible and important source of information/education, pleasure and social contact for people in the area.

Streets and Transport: Street trees should not be planted in future. The Council's choice of inappropriate street trees over the years has resulted in trees that require constant pruning, shade properties, place a heavy burden of leaves on the adjacent properties, and do not add anything to the areas they are planted in, particularly as they are very often planted in streets where the properties already have trees.

Do you have any other comments or suggestions you want to make?
