Questions

- 1 Do you have any comments on the major projects in our draft Our Community Plan? page number

It is obvious to me That you have to cut costs; overall you employ too many people, many of whom are badly directed and lack a knowledge of how to accomplish a well done job.

Please stick to The basics, and if in doubt obtain advice from a professional eg an architect.

- 2 Do you have any comments on groups of activities (the activities and services that Council provides)? page number

Yes. Reduce expenditure on all These activities and leave to The private sector especially Recreation and leisure, and democracy & governance. When street visual enhancement means plots of plants and weeds, please keep away from corners — I have seen so many near accidents.

- 3 Do you have any other comments or suggestions you want to make? page number

you have far too many motor vehicles. Please try and look to the future, for example people will not stop driving their cars but you still build narrower "main" roads.

My main criticism; I live alone in an overvalued home, have a community services card, and pay \$148 per month — a huge amount of my income — This is hardly fair And I look after my property unaided (at 80 yrs).

You may add more pages if you wish. Thank you for your submission.
