Our Community Plan,
Christchurch City Council
P.O. Box 237,
Christchurch 8003.

Dear Sir

Having read about the Council's Budget and plans for the coming years I appreciate the increased costing you will face on behalf of Christchurch residents.

As a pensioner, with no other income, I wish to express my concern for many other senior citizens like myself on a limited fixed income. I consider the proposed rise in rates far too high for us.

My suggestion is that The Council stagger some of the proposed projects and not attempt to put everything into action at once. Let the Council discuss what is really priority for 2006-7 which could enable the rates to be increased at a lower

P.T.O.

percentage for the coming year.
I trust you will consider this
in your final planning.

Yours faithfully,
K. L. Shaw.

(Mrs) Karl L. Shaw.
