

Our Community Plan Submission Form

Instructions

Please read before completing your submission

It will help us process your submission if you clearly state the issue you want the Council to consider, what specific action you think the Council should take, and why that should be done.

If you wish, you can present your submission at a hearing. (If that is the case, please tick the box). The hearings will be held between Thursday 25 May and Wednesday 7 June 2006. Generally, 10 minutes are allocated for hearing each submission, including time for questions.

It will help us if your submission also refers to the page of either the full version or the summary version.

Please note: We are legally required to make all written or electronic submissions available to Councillors and to the public. This includes the name and address of the submitter. All submissions will be published on the Council's website from 10 May 2006.

No anonymous submissions will be accepted.

Questions

① Do you have any comments on the major projects in our draft Community Plan? page number **8**

Services & activities reduced

It seems ironic you want to save \$450,000 in closing 3 libraries yet you give \$500,000 to light up the cathedral (let the anglican church sell some of its land) and throw \$3 million more on the table and vow not to be pushed around by Port Otago. Libraries are very important for all ages their are enough dummies around now even in councils.

② Do you have any comments on groups of activities (the activities and services that Council provides)? page number **14 + 18**.

The Botanic gardens are perfect now why spend \$10.8 million on a tourist centre for whom streets and foot paths in mint condition are being wastefully dug up and narrowed when all this money should be spent on our main ring roads for widening. Since all this ~~what~~ was put out for tender some of these contractors must be laughing all the way to the bank, you are know better better than central parliament in wasting money

③ Do you have any other comments or suggestions you want to make? page number **18**

Islands up the middle of roading should be drastically narrowed and we invest in a tram/light rail system which could travel up the middle of these wide islands as in Adelaide etc. No one wants to go to the central city to shop while you have these nasty traffic wardens on every street corner, they are sixty years

You may add more pages if you wish. Thank you for your submission.

to late they should have been in Germany!
They are not an asset to our city
Are they personally trained by Garry Moore!
