① Do you have any comments on the major projects in our draft Community Plan? page number

I would just like to remind Council about our constant 'Rates' increases - In 30 years I have never noticed a downward trend. Surely with lateral thinking, as I recall many Staff were encouraged to attend 2 or 3 years back, at no doubt expense to the ratepayer the thought never even enters anyones head that the opposite could

② Do you have any comments on groups of activities (the activities and services that Council provides)? page number

occur with a bit of open mindedness. Just another junket, like the waste of ratepayer money on "CONVERGE". I seem to remember Council funded trips to Brazil not too long ago to study their wonderful urban transportation system. What become of their benefits - it certainly hasn't impacted on light rail, or any of our major thoroughfares. Sister City relationships with China & elsewhere are another complete waste of time & money - I and my friends are as about as connected to CHINA as a barrel load of rectums and having lived there I don't want to be either! Bunting & flags are unnecessary, city should be able to sell itself without all that artificial garbage - How much goes into Trevellian Riggings coffers?

③ Do you have any other comments or suggestions you want to make? page number

Too much expensive management and not enough ground floor workers. This is but a few areas that Rate decreases could begin with.

You may add more pages if you wish. Thank you for your submission.
