## Questions

See list of major projects in the summary document

- ① Do you have any comments on the major projects in our draft Community Plan? page number
- Obviously it is vital to replace stormwater & wastewater pipes when necessary as it is to expand waste treatment. I query why it should be necessary to build a new bus exchange when we so recently had a new one supposed to cope with existing & future use. There is a real issue with maintaining the essence of the Garden City with its English heritage. I am not happy with such a sum being spent on office space & out, functionality could be a good cure.
- ② Do you have any comments on groups of activities (the activities and services that Council provides)? page number
- I feel that the Council's priorities need to be revisited. Such services as libraries are essential for present and future citizens, but are such activities as festival of Rome or Jazz essential? Reasonable yes if all other essentials can be financed but here is city money spent on more things rather than <sup>the</sup> basics of education, exercise and leisure spaces.
- I think the Council needs to ensure that voluntary & community groups doing recognised worthwhile work continue to get the funding needed to do their jobs.
- ③ Do you have any other comments or suggestions you want to make? page number 51
- Citizens' Advice fulfils the Council's desire to enable communities and help communities meet their needs. And advocating for the rights of all citizens. They do not ask for extra to their needs but it is essential for their voluntary service to continue answering the public's queries. That funding is maintained. Citizens' Advice carries out a civic duty role of giving service to a wide range of citizens.
