I would like to send in a word in favour of the Christchurch Perimeter Walkway.

I have for the past four years or so been following Colin Meurk as he has guided a group of citizens and visitors at regular intervals around the city on the proposed Walkway.

This is a very interesting project that would enable the City to offer a full overview of its natural and urban features to visitors and locals. Walkers would be able to join and leave the Walkway as it suits them.

We have had great fun learning of the variety of the city's landscapes and features. The proposed Walkway would bring together and present lots of little reserves and also parks, waterways, streams and wetlands dispersed throughout the city.

the project dsserves to be part of the city's on-going provisions for leisure and learning activities.

Do you have any other comments or suggestions you want to make?
