Date: 10/5/2007

Your Submission:

ref Draft Annual Plan page 21, Capital works programme.

I would submit that the Council advance the replacement of the Little Akaloa jetty to complete this programme as soon as possible.

Our family have diversified our pastoral farming operation by obtaining the relevant consents for a marine farm off the northern coast of Banks Peninsula. After a short trial period we are now undertaking the development of this marine farm. In order to be able to efficiently complete this development and undertake the subsequent operation of this farm we need to be able to use the Little Akaloa jetty for loading, unloading etc.

Historically this jetty has been a vital link in the commercial activity of this community, but has been let deteriorate to a now dangerous state. There is also considerable recreational activity in the bay based around this structure.

Thank you for considering this submission.

Which principles and/or provisions of the Draft Amended Development Contributions Policy (DCP) do you support and why?

Which principles and/or provisions of the Draft Amended DCP do you oppose and why?

What exactly do you want the Council to do about the Draft Amended DCP?

Any other remarks/comments:
